OFFICE OF THE SPECIAL
PROGRAMS EXAMINER

Dear Sir:

The applicants in the above-identified patent application, through their undersigned attorney, petition the Assistant Commissioner to withdraw the holding of abandonment pursuant to the Notice of Abandonment dated February 6, 2003. This application went abandoned because it is suggested that the undersigned attorney failed to reply to the Office Action dated April 8, 2002.

However, it is the position of the undersigned that the Notice of Abandonment has been issued in error. To this end, the undersigned attorney states that a timely reply was in fact made to the Office Action of April 8, 2002. More particularly, the undersigned stated that on April 19, 2002, he held a telephone conversation with Examiner Garber during which an election was made (in response to a requirement for restriction) to continue the examination herein of Set II (i.e. Claims 19-28).

As evidence of the foregoing, attached hereto is a copy of the telephone log from the office of the undersigned attorney to show a telephone call placed on April 19, 2002 for a total of 1.5 minutes to phone number 703-308-6062 in Alexandria, Virginia. This phone number is that of Examiner Garber. Also attached is a copy of the front of the file jacket maintained by the undersigned attorney for this case. The file jacket bears a notation to memorialize the telephone conversation between the undersigned attorney and Examiner Garber on April 19, 2002.

In view of the foregoing, it is submitted that a timely reply (i.e. Election) was made to the Office Action dated April 8, 2002. Accordingly, it is requested that the holding of abandonment be withdrawn and that this application be returned to the pending files as if no abandonment had occurred.

Although it is believed that no fee is required for this petition, should it be determined that a fee is otherwise necessary, please charge such fee to Deposit Account No. 08-1310.

I hereby declare that all statements made herein of my own knowledge and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

Respectfully submitted,

Morland C. Fischer 2-14-03
